The ironclads Superb, Sultan and Alexandria engaged and totally destroyed Fort Pharos and the light-house batteries, which are at the entrance to Newport, and were intended to dominate the approach to the new harbor. The flagship Invincible, Monarch and Penelope took up a commanding position inside the reefs, and were assisted from the outside by the Temeraire, and attacked, with destructive effect, the strong position of Fort Mex, with the lighthouse and shore batteries. The Inflexible was stationed so as to command the lighthouse battery, Fort Pharos and Fort Mex at the same time, and was thus in a position to co-operate both with the division outside and that inside the reefs. The avessels Bittern, Condor, Beacon, Decoy and Bygnet attacked Marabout batteries at the entrance of the harbor, and taking close and destructive range oson silenced them, after which they ran in and shelled Fort Mex on the southern side of the entrance to the anchorage of the harbor.
